

Checkmate in two moves! Start with a queen check.

There are three checks, but only one is checkmate - use your queen! Find it!

We have two checks -- only one leads to mate!
Forcing moves first!

Every puzzle here ends in checkmate. Checks first!

Take the hanging knight first, then win the queen. Forcing moves first!

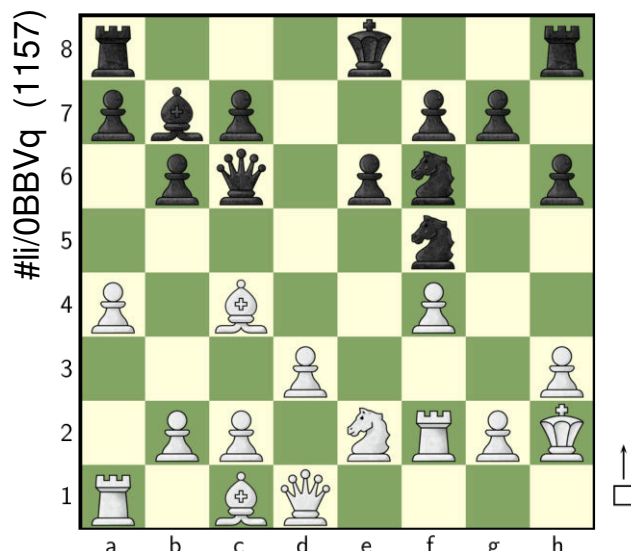

Win material! Not a check this time -- look for a quiet move!

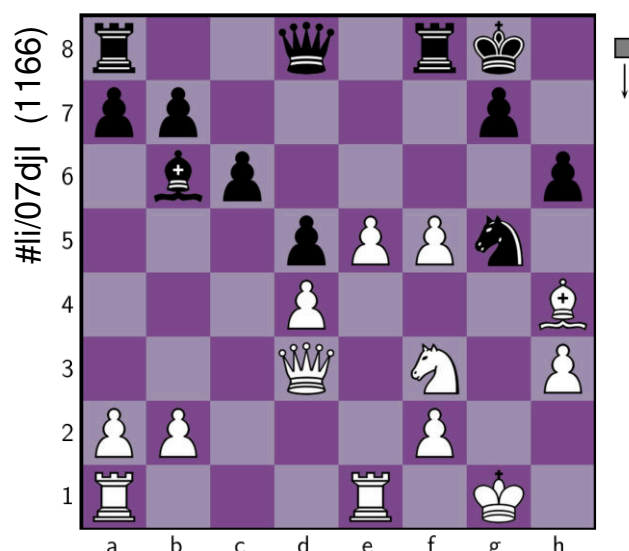

Win the knight. Look at every check and capture first.

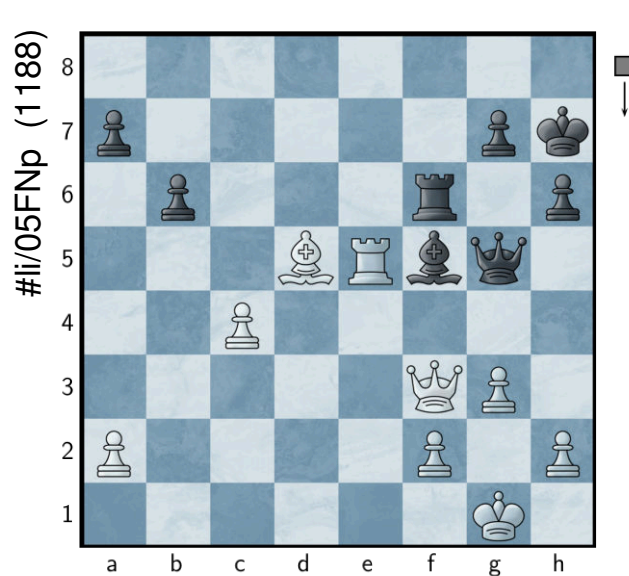

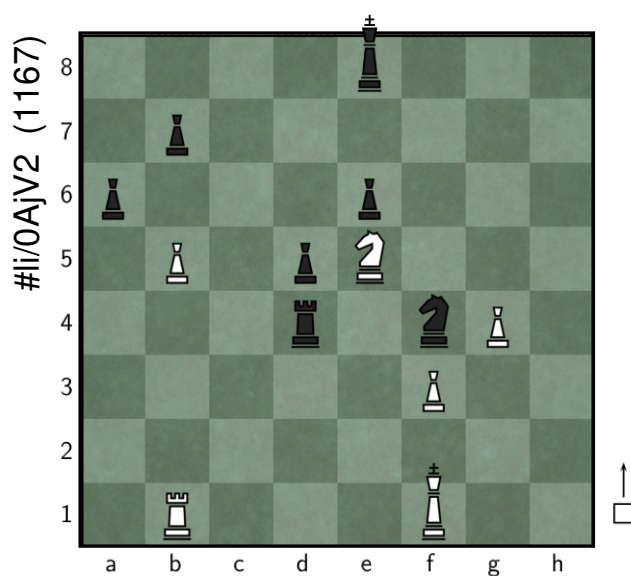

Fork them! Use your knight to check first, then take the hanging bishop. Forcing moves first!

Take the pawn with your pawn first, then give a check, then give a check.

Win the queen. Forcing moves first!

LSMP Chess -- Level 2 homework (900-1299)

Win Material!

Find the tactic that wins material.
