

Start with a rook check. Look for checks first!

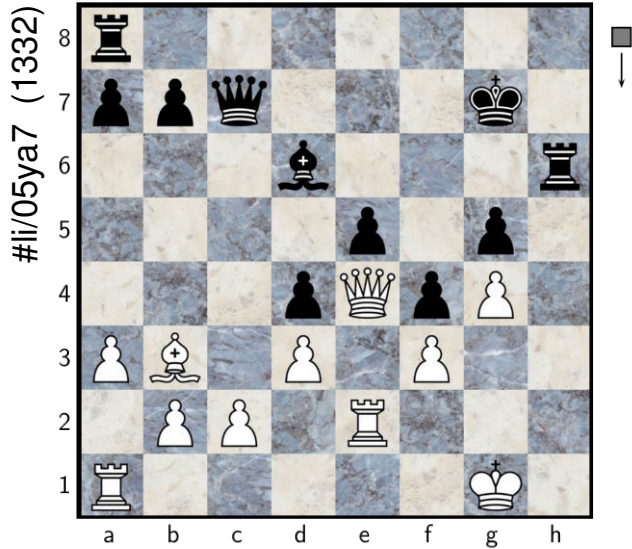

Start with a quiet rook move (not a check!), then give a check, then win the rook.

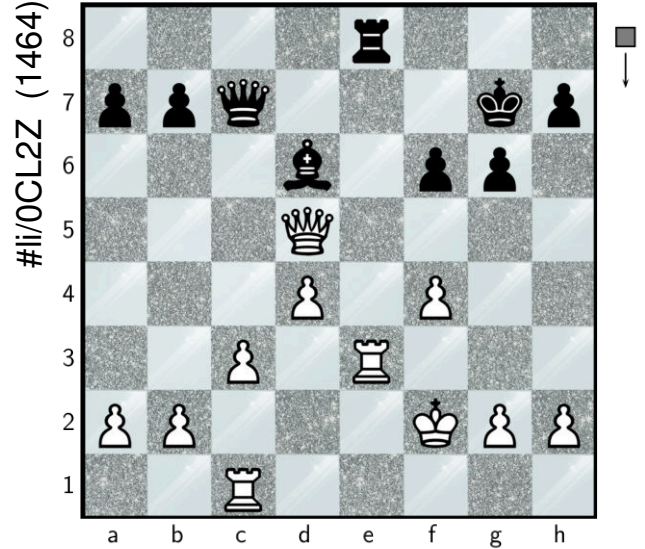

There is only one check here, and it leaves only one legal reply. Look for checks first!

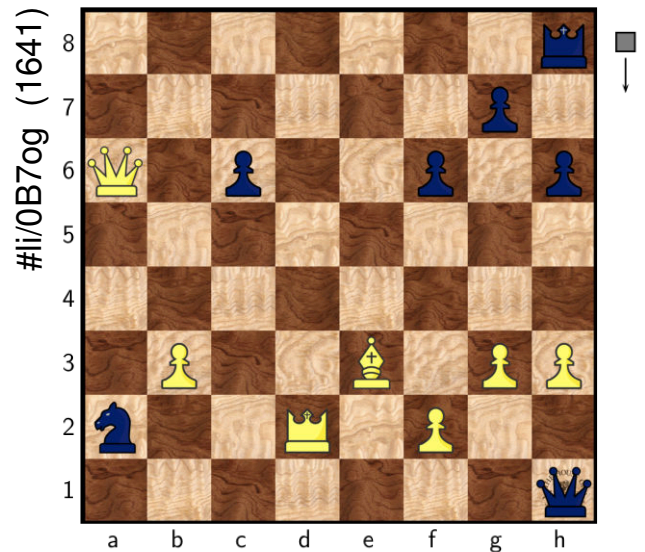

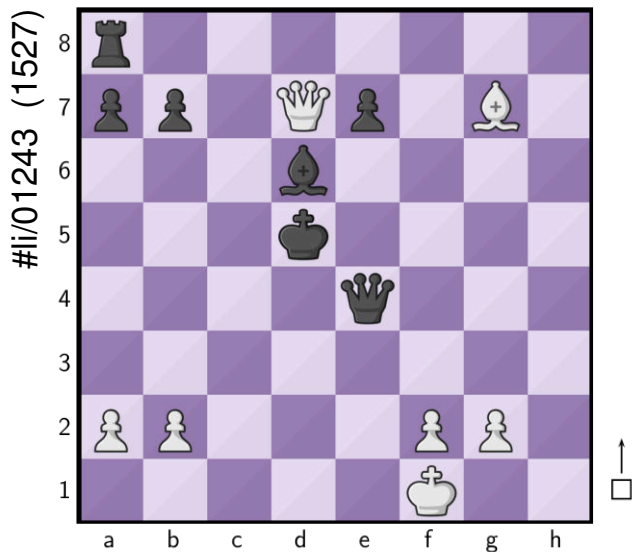

Take the rook with your rook first, then give a check. Stay forcing!

Win the queen. Look for checks first!

Use your queen to check first, then use your knight to check, then win the queen.
